# ABOUT The Box Lab

*The Box Lab is a Bangalore based start-up specialising in manufacturing of kiosks, food trailers & mobile food carts.*

Our journey started with manufacturing Commercial Kitchen Equipment's and have been successfully running the firm for over 60 years.

After spending years on R&D, we are proud to be India's first manufacturer of Airstream Food Trailers.

*The Box Lab is new but is certain to revolutionise the F&B industry.*

Whether it is for an indoor or outdoor setting, these trailers and kiosks are a great way to start a mobile cafe, Quick service kiosk, or a pop-up establishment.

## VISION

Shaping a greener, more prosperous future for the food and beverage industry through cutting-edge, sustainable stainless steel trailers that combine durability, functionality, & environmental responsibility.

## MISSION

We empower food entrepreneurs to turn their passion into purpose by crafting affordable, sustainable food trailers that prioritize consumer wellness. Built with food-grade stainless steel and eco-conscious materials, our trailers are more than just kitchens—they're the foundation for building thriving brands and nourishing communities. Together, we create opportunities for innovation, sustainability, and success, one trailer at a time.

*Transform your boxed dreams into reality*

# Food Trailer Lab

Trailers are fully fitted with kitchen equipment's Ideal for Cafes, Pop-up Bars, Concerts, Fast-food chains and the options are limitless.

”

*Trailers are classy and operationally efficient.*

*Available in 3m & 5m Length*

*Kitchen Equipment's can be customised based on your requirements.*

*These trailers are a great source to increase your brand value & profitability.*
